

ULTIMATE DAILY CLASSIC™

DAILY SUPPORT FOR OPTIMAL HEALTH¹

Ultimate Daily Classic™ delivers the health-boosting nutrition you need to propel your body way beyond merely avoiding deficiency. With high doses of essential vitamins including energy producing essential B-Vitamins, Ultimate Daily Classic™ supports a wide-range of functions within the body. It includes uniquely-sourced, high-quality ingredients with the highest bioavailability possible in order to ensure whole-body nutrition for optimal health¹.

DAILY SUPPORT IS NECESSARY

Once upon a time, individuals obtained vitamins, minerals, amino acids and other essential nutrients required by their bodies from nutrient-rich vegetables, fruits, nuts, free-range meats and other natural sources. During this time, chronic illnesses were rare and almost non-existent; it was more likely you'd die from a bear attack than heart disease. Unfortunately, modernization and food-processing methods have changed the quality of the food we consume. Additionally, farming and processing/preserving methods have slowly leached the nutrient value even from the healthiest foods. Supplementation has become necessary in order for your body to obtain the essential nutrients it needs to function optimally.

- **Vitamin and mineral deficiencies are responsible for many diseases and illnesses.**
- **Research has proven the foods we purchase, natural, organic, farm raised, non-GMO or other assured marketed foods, still lack the nutrient value that is needed to support a healthy lifestyle.**
- **About half of the U.S. population consumes some form of multivitamin supplement.**

#USYG100084
DIETARY SUPPLEMENT
90 TABLETS

DIRECTIONS: Take 3 tablets daily with a full glass of water, or as directed by your healthcare professional. For best results, we suggest using this product as part of a full nutritional program that also includes Ultimate™ Classic¹ and Ultimate™ EFA¹.

Supplement Facts

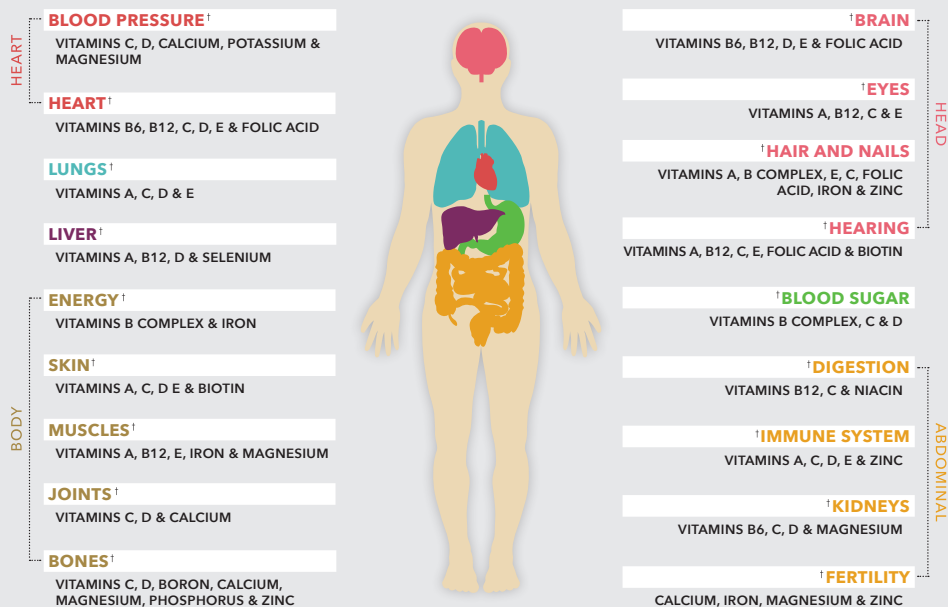

Serving Size: 3 Tablets Servings per Container: 30		
	Amount per Serving	%DV
Vitamin A (as beta carotene)	4000 IU	80%
Vitamin C (as ascorbic acid)	400 mg	670%
Vitamin D3 (as cholecalciferol)	130 IU	30%
Vitamin E (as d-alpha tocopheryl acetate)	100 IU	330%
Thiamin (as thiamine HCl)	20 mg	1330%
Riboflavin	20 mg	1180%
Niacin (as inositol hexanicotinate)	20 mg	100%
Vitamin B6 (as pyridoxine HCl)	20 mg	1000%
Folate (calcium 5-methylfolate)	150 mcg	40%
Vitamin B-12 (as methylcobalamin)	40 mcg	670%
Biotin	20 mcg	10%
Pantothenic Acid (as calcium pantothenate)	30 mg	300%
Calcium (from hydroxylapatite, phosphate)	400 mg	40%
Iron (from ferrous fumarate)	2 mg	10%
Iodine (from kelp)	40 mcg	30%
Magnesium (from magnesium amino acid chelate)	100 mg	25%
Zinc (from zinc amino acid chelate)	4 mg	30%
Selenium (from selenium amino acid chelate)	60 mcg	85%
Copper (from copper amino acid chelate)	0.5 mg	25%
Manganese (from manganese amino acid chelate)	2 mg	100%
Chromium (from chromium picolinate)	40 mcg	35%
Potassium (from potassium citrate)	120 mg	4%
L-Cysteine (from L-cystine HCl)	100 mg	*
DL-Methionine	30 mg	*
Para-aminobenzoic Acid	30 mg	*
Inositol	20 mg	*
Chondroitin Sulfate (from bovine)	14 mg	*
Dimethylglycine	14 mg	*
Thymus Gland Powder (from bovine)	14 mg	*
Ginkgo Leaf (Ginkgo biloba) p.e.* 24% (2.4 mg) ginkgo flavone glycosides	10 mg	*
L-Carnitine (tartrate)	10 mg	*
Bilberry Fruit (Vaccinium myrtillus) p.e.* 25% (2 mg) anthocyanidins	8 mg	*
Co-enzyme Q-10	4 mg	*
Hawthorn Berry (Crataegus sp.)	4 mg	*

*Daily Value (DV) not established. **Standardized powdered extract
OTHER INGREDIENTS: Microcrystalline cellulose, plant cellulose, stearic acid (vegetable source), magnesium stearate (vegetable source), silica and pharmaceutical glaze.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. In case of accidental overdose, call a doctor or poison control center immediately. **KEEP OUT OF REACH OF CHILDREN.**

WARNING: If you are pregnant, nursing, or taking any medications, consult your healthcare professional before using this or any other product.

→ **NEXT PAGE:** INGREDIENT BENEFITS

ULTIMATE DAILY CLASSIC™

DAILY SUPPORT FOR OPTIMAL HEALTH†

PRIMARY SET OF INGREDIENTS BENEFITS

THIAMIN (VITAMIN B1) – Plays a key role in generating energy from carbohydrates. It's involved in RNA and DNA production and nerve function in addition to supporting the growth, development and function of cells.†

RIBOFLAVIN (VITAMIN B2) – Is a basic building block for normal growth and development and supports antioxidant activity in the body. It's needed for energy production for electron transport chain, citric acid cycle and catabolism of fatty acids.†

NIACIN (VITAMIN B3) – Supports over 200 chemical reactions in the body including cellular production and fatty acid synthesis. Studies show it may be beneficial to cardiovascular health.†

VITAMIN B6 – Supports over 100 cellular reactions in the body, needed to metabolize amino acids and glycogen. It's also necessary for healthy nervous system, hormone and red cellular production.†

VITAMIN B12 – Plays a vital role in the pathways of the body that produce energy. It's needed for DNA synthesis, red blood cell formation and for healthy nervous system.†

VITAMIN C – Needed for normal growth and development in all parts of the body from skin to tendons to blood vessels. It's also a well-known antioxidant helping to combat free radicals.†

VITAMIN E – Antioxidant that disables the production of free radicals. Also, regulates enzymatic activity and helps boost immune system; fighting off invading bacteria and viruses.†

CALCIUM – Is an essential part of bones and teeth where over 99% of calcium in the human body is stored. The remaining 1% helps with heart, nerves, muscles and various other systems in the body.†

PANTOTHENIC ACID (B5) – Needed for oxidation of fatty acids and carbohydrates and energy production.†

BIOTIN – Supports healthy carbohydrate, protein and fat metabolism and known to support healthy hair, skin & nails.†

FOLIC ACID – Necessary for DNA synthesis. It plays a vital role in fetal health and development; critical for formation of spinal cord and nervous system in fetus.†

SELENIUM – Is an antioxidant that helps combat free radicals. Plus, it plays a key role in metabolism and supports normal thyroid function.†

MAGNESIUM – Required by every organ in the body but especially vital to the heart, muscles and kidneys. Also helps with calcium absorption, and energy production.†

ZINC – Plays a vital role in the immune system. It's needed for approximately 100 enzymatic activities plus protein synthesis, cell division, DNA synthesis and wound healing.†

Ultimate Daily Classic™ is formulated and packaged with PurityShield™, an exclusive purity and safety system including a photo-protective and energizing amber glass container, moisture-absorbing packet, air-tight inner seal and tamper-evident outer seal. Look for the PurityShield™ logo as your guarantee of maximum standardized quality, freshness and safety.
